Add user   ① ② ❸ ④ ⑤

Add tags (optional)

IAM tags are key-value pairs you can add to your user. Tags can include user information, such as an email address, or can be descriptive, such as a job title. You can use the tags to organize, track, or control access for this user. Learn more

Key	Value (optional)	Remove
Name	dynamodbUser	✖
Add new key		

You can add 49 more tags.
